Dear Friend,

I send you warm greetings and hope that your Federation is doing well and moving forward in growth at every level. Over these years, through our various meetings, we have sensed your desire to review the documents that present our Salesian lay identity. As we know, the Statute and the Identity Document are not “static documents” — they serve as a precise guide for where the Confederation aims to go in responding to the challenges of today’s world. For this reason, before the 2027 Electoral Assembly, we are proposing a process of listening and collaboration to produce updated and more charismatic documents.

The process includes several stages, which we outline here briefly:

June - August 2026 Councilors/Presidents of Federations	September - November 2026 Confederate Commission	December 2026 - January 2027	January - May 2027
Listening to the federations and young people on the identity document	1. Processing by the commission of the Confederation of the proposed changes from the Federations to the identity document 2. Listening to the Federations on the update of some articles of the statute (October-November)	1. Sending to the Federations the first draft of the Identity Document 2. Processing by the commission of the Confederation of the proposed changes from the Federations to the Statute	1. Sending to the Federations the first draft of the proposed changes from the Federations to the Statute (January-February) 2. Revision by the commission of the Confederation of the documents and preparation of the world assembly at which the documents will be approved

In this first phase, we feel the need to review the Identity Document so that it better reflects the reality we live in today and to rediscover our sense of belonging. For this reason, we are asking for the active involvement of all federations. We have prepared an online questionnaire and ask you to fill it out together with the unions of your federation. The deadline for completion is **August 31, 2026**.

You will find the questionnaire at this link: <https://forms.gle/jZY21CNkgwPPBrWo6>.

We also believe it is important to listen to the perspective of young former students. For this reason, we have created an online questionnaire dedicated to young people and ask you to share the link with all former students under 30 in your federation and encourage them to fill it out.

The link for the questionnaire for young people is: <https://forms.gle/Xxd77CtVQaBSeh986>.

It is important that young people participate actively in this listening process. For this reason, we invite you to explain to them what this is about and motivate them to respond, finding the right words to convey the value of this contribution. Please remember that the questionnaire for young people must also be completed by **August 31, 2026**.

Enclosed with this letter:

- a) A sheet containing some suggestions and proposals for completing the federations' questionnaire (Sheet 1);
- b) A sheet containing the questionnaire questions, which you could photocopy when meeting with the unions (Sheet 2).

Thank you for the time, care, and contribution you will offer to this process.

The President
